# Jean-François Knebel, Ph.D

Rue du Petit Faubourg 16
CH - 1147 Montricher
Tel +41 (0)76 548 22 81
jean.francois.knebel@gmail.com
1st of June 1979
Swiss, married, two children
Orcid ID : 0000-0003-1665-1724

**Twelve years in the field of biostatistics and project management in Neuroscience and clinical research.**

**Objectives**

- Project management
- Data science/Statistics
- Working in biotechnology or/and clinical research environment

**Main competences**

- Statistics
- Communication
- Project Management
- Clinical research

**Professional Experiences**

| | | |
|---|---|---|
| • Senior scientist | CHUV/CIBM | 2014-now |
| • Research scientist | CHUV/DNC | 2011-2014 |
| • PhD Student | CHUV/UNIL | 2006-2011 |
| • Research Assistant | EPFL | 2003 |

**Education**

- PHD in Neuroscience UNIL (2011)
- Master in Science of engineering: Physics EPFL (2003)

## Main Competences

### Statistics

#### Senior scientist, CHUV

- 14-peer review published papers as expert in statistics (Radiology, Hepatology, Neurosurgery field).
- 5 Ethics proposal as expert in statistics for clinical research within radiology department CHUV
- Statistical teacher for medical population (2 courses in Radiology, 3 courses in EANS meetings)
- Jury for a master in statistics (Prof Morgenthaler) and in machine learning (Prof. Van De Ville) at EPFL.

#### Research scientist, CHUV

- Consultant in statistics for the laboratory (Professor, postdoc and PhD students).
- Active teacher on statistical course for the laboratory.

### Project Management

#### Senior scientist, CHUV

- Principal investigator on" STEN 2.0" statistical software with python and R (https://doi.org/10.5281/zenodo.1164151).
- Collaborator in "Lineviewer" software project (https://doi.org/10.5281/zenodo.593318)
- Lab manager. Tracking user of the lab, programming experiments technical aspect (electronics, informatics)
- Multi project management: the technical aspect of EEG CIBM project. (Over 20 projects). 6 scientific papers publish

#### Research scientist, CHUV

- Computing script projects leader, over 100 scripts in statistics and signal processing performed for bioscience application. (Python and R languages)
- Principal investigator on "STEN 1.0" software (https://doi.org/10.5281/zenodo.1164037))
- Trained on Project Management by the CEP (Professional Teaching Center) included in CAS (Certificate of Advanced Study) certification.

## Main Competences (continuation)

### Communication

**Senior scientist, CHUV**

- Teacher (more than 200 hours). in doctoral school and in CUSO ("Conférence Universitaire de Suisse Occidentale")
- More than 10 "TecDay" presentation, popular science in high school.
- Supervision of Master student from EPFL .

**Research scientist, CHUV**

- Organization and teacher for 5 days EEG methods course in Postdam (German Institute of Human Nutrition)
- Responsibilities for teaching EEG(Electroencephalography) methodology and Experimental design to PhD Student
- 3 Supervision of Master student in biology UNIL

### Clinical Research

**Senior scientist, CHUV**

- Collaboration with multiple clinician fields (Radiologist, Cardiologist, Neurologist, Neurosurgery, ENT, Hepatology). Understanding clinical issue and goal used for clinicians and patients
- Expertise in clinical study designs (randomization, population specifications, relations with clinicians)

**Research scientist, CHUV**

- EEG (Electroencephalography) Project Manager for Lausanne NCCR (National Centers of Competence in Research)-Synapsy; managed of more than 100 patients and healthy subjects; collaborations with clinicians and scientists.
- Conducting research on Early phase psychosis patients (Biomarker) within NCCR Synapsy

## Education

**PhD Thesis**, Lausanne University(UNIL):
*Visual Function in the Healthy and Schizophrenic brain:*
*From stimulus control to illusory perception using electrical neuroimaging* January 2011

**M.SC. PHYSICS,**Swiss Federal Institute of Technology (EPFL):
*Object Tracking using the Particle Filter Algorithm applied to a crowd* March 2003

## Other Activities

- Boy Scout leader, responsible for 120 people including kids and staff. Team management, project management
- Organizer of a temporary Radio, responsible for Budget (20'000 CHF)
- Active team sport member (Ice Hockey)

## Language

- French Native
- English Full professional working proficiency (B2)
- German Intermediate proficiency(Switzerland high school level) A2
